Dear Kansas City Neighbor,

This is a friendly update about an upcoming project: Gillham Road Complete Streets, Section 2. Due to health and safety concerns and social distancing recommendations surrounding the Coronavirus outbreak, there will be no public meeting for the Gillham Complete Streets project at this time.

However, we still want to share important project updates. Read on for more information about the project, timeline, and contact information. You can also access project updates and plans online at <https://www.kcmo.gov/Home/Components/FacilityDirectory/FacilityDirectory/194/360> or read the project fact sheet on the back of this letter.

KCMO Public Works will be installing complete streets improvements on Gillham Road from 39th St. to Brush Creek Boulevard. The goals of this project align with the KCMO's Complete Streets ordinance to make our streets safer and more accessible for all users: bicyclists, pedestrians, transit-users and vehicles. This project is also progress in completing an important bikeway link connecting Midtown to Downtown. Previous engagement efforts and recommendations from a 2017 Planning Sustainable Places Study informed the final project design. Improvements include: traffic calming and pedestrian crossing enhancements, a two-way cycle track and a newly resurfaced roadway. This project will have a minimal impact to parking, trees and existing traffic lanes.

The Gillham Road Complete Streets project will be completed in coordination with street resurfacing efforts. We anticipate work to begin in mid-summer 2020 and wrap up in late summer 2020. This project was made possible by Fourth District Public Improvements Advisory Committee (PIAC) funds.

Please feel free to contact us at the phone number above to by email at: pubworks@kcmo.org if you have any questions or concerns.

We appreciate your cooperation during this process and look forward to building complete streets improvements on Gillham Road!

Sincerely,

Maggie Green
